North Central Texas Regional Pathway Network

Council for High Quality Pathways Quarterly Update

Leaders and members of the North Central Texas Regional Pathways Network are crafting cutting-edge career and technical education programs that will enhance students' academic and technical prowess and ignite leadership qualities and in-demand skills.

Mission

To equip students with the tools they need to conquer the demands of higher education and thrive in a fiercely competitive global workforce!

Vision

A collaborative system to provide North Central Texas individuals the tools needed to meet the demands of the regional workforce and thrive in a fiercely competitive labor market.

Today's Agenda

- Stakeholder Engagement
- Current Work-Based Learning Opportunities
- Regional Impact Focus
- 2030 Strategic Vision
- Strategic Initiatives for 2025
- Educational Partnership Framework
- Employer Engagement Strategy
- Data Dashboard
- Professional Development Focus

Poll #1: Stakeholder Engagement

- How involved is your organization currently in work-based learning initiatives?
 - Highly involved (multiple programs)
 - Moderately involved (1-2 programs)
 - Beginning stages
 - Not yet involved
 - Interested in learning more
